<https://www.linkedin.com/in/bhargavitr/>

Passionate B.Tech Chemical Engineering student with an interest in sustainability and innovation. I have developed strong analytical skills and a strategic mindset that allow me to solve complex problems and think creatively. My interests span sustainable practices, customizable clothing, and entrepreneurship. I am particularly excited about projects that focus on community empowerment and environmental impact. Always eager to learn and grow, my goal is to leverage my knowledge in chemical engineering and sustainability to drive meaningful change in both the business and environmental sectors.

EDUCATION

Sri Venkateswara College of Engineering, Sriperumbudur
B Tech Chemical Engineering, minors in Entrepreneurship

2022 - present
CGPA: 9.057

Sri Chaitanya Techno School, Perumbakkam
12th Standard, CBSE

2022
80.6 %

Kendriya Vidhyalaya, Minambakkam
10th Standard, CBSE

2020
91.4 %

EXPERIENCE

INTERNSHIPS

DRDO, Hyderabad Jan 2024

Completed an internship on endothermic fuels, focused on their use in scramjets for thermal management and heat absorption in high-speed aerospace applications

CPCL, Manali Jan 2025

Gained hands-on experience in crude oil refining processes, observing key units and applying chemical engineering principles in an industrial setting.

HACKATHON & PARTICIPATION

SSN - Greenhack

- Recycled Plastic Solar Pavement Tiles

SVCE - ChemInnothon

- Engineered Living Materials for CO2 capture

IEI Seminar at Anna University, Paper presentation

- Recycled Plastic Solar Pavement Tiles

MSME Idea Hackathon 4.0

- Recycled Plastic Solar Pavement Tiles

- Dharaa

PROJECTS - ONGOING

Recycled Plastic Solar Pavement Tiles, SVCE

Prototyped Recycled Plastic Solar Pavement Tiles using recycled HDPE and LDPE with embedded solar cells, providing a renewable energy source for urban infrastructure and promoting sustainable development.

Biodegradable Sanitary Napkins, EWB-SVCE

Developed a project to create biodegradable sanitary napkins using eco-friendly materials, aiming to reduce plastic waste and the carbon footprint of menstrual products.

Dharaa (Startup)

A customizable clothing brand empowering customers to design unique outfits by selecting fabrics and styles.

INDUSTRIAL VISITS

INDIAN OIL CORPORATION LTD., Tondiarpet

KALEESUWARI REFINERY PRIVATE LTD., Medavakkam

MANALI PETROCHEMICAL LTD., Manali

LEADERSHIP AND OTHER ACTIVITIES

• SVCE ENVOI - Student Startup SVCE

- Manage operations at ENVOI, overseeing execution and coordination in the production of customizable college merchandise.

• Lead Volunteer - NSS

- Organize events and seminars for NSS volunteers, also lead the camps and other activities.

• Executive Member - E Cell & EPIC

- Help and conduct workshops, events related to entrepreneurship.

• Creative Director - EWB

- I manage the organization's social media presence and design visually engaging posters and templates. Additionally, I help plan and organize events.

• Organized Women's Entrepreneurship Development Program, SVCE (WEDP)

• Event team, Illuminate (IIT Bombay Workshop at SVCE)

• Sponsorship team, Technoways '24, ChemInnothon '24

• Sponsorship team, Highways '25

SKILLS

C, Python

MS Excel

Entrepreneurial Mindset

Event Planning

Leadership Strategic

Communication

LANGUAGES

English

Telugu

Hindi

Tamil

German - A2

PRIZES AND AWARDS

Budding Bright Engineer Award (2024) - Alumni

Association, SVCE

For exceptional academic performance

IEI Seminar at Anna University, Paper presentation

- 2nd prize
