

KAUSHICK VS

Analyst

An Enthusiastic Junior with a Unwavering spirit to embark on new endeavors .Well Experienced in Data & Business Analysis and Security Principles with added Proficiency in Design and Communication. An Able Leader with a Charismatic and Curious Nature. A Team Player with an Individualistic Perfection. Bold in Voicing out Opinions and open to Constructive Criticism.

Education

B.Tech Information Technology

Sri Venkateswara College of Engineering
2021-2025

Experience

Data Analysis Intern - Magnetic beacon Analytics

Data Science Intern - Smartknower Edu Tech

Treasurer - Forum of Data Science Engineers,SVCE

Treasurer - Computer Society of India,SVCE

Mentorship Secretary - Speakers forum,SVCE

Project Secretary - Nizhal,Elevate U ,RaC SVCE

Projects

Automated Plant Monitor - Hortin Hands

IOT Based Automated Plant Monitor for the maintenance of plants with less human interference also developed as a Business model.

Accidetect

An IoT and ML Based Accident detection system aimed at saving lives through live location detection, Emergency Messages to Medical Facilities and SOS Contacts

Madras Mylk

A user-friendly B2C dairy products UI involving features such as easy navigation, clear visuals, and accessibility built developed within a short duration.

Network Intrusion Detection System (NIDS) Using Machine Learning

Developed a machine learning-based intrusion detection system to monitor network traffic for suspicious patterns. Utilized NSL-KDD and CICIDS datasets to improve accuracy in detecting network-based attacks.

Covid-19 Analysis

A detailed COVID-19 analysis report designed by utilizing Excel for data manipulation and Power BI for interactive visualizations

Achievements

Shamrock22 3rd Price for presenting "Hortin Hands" in Shark Tank Event

Incognito 2022 2nd Price for presenting "Hortin Hands" in Shark Tank Event

Pixel Craft Secured 3rd prize in UI Design event

Data War Tech Secured runner up in data Analysis event conducted by Know I,SVce

SVce Innovates Secured 3rd prize in svce research day for project AcciDetect

Nullcon 2023 Attended International Security Conference conducted by Nullcon Organization
