Education

2021-Present	B.Tech Information of Technology	Sri Venkateswara College of Engineering, Pennalur
2022-Present	BSC Data Science and Engineering	IIT Madras(Online Mode)

Experience

President*	Association of Information Technologists, Svce
Data Analyst Intern	Magnetic beacon Analytics
Cybersecurity Intern	Tvs, Padi
General Secretary	Association of Information Technologists, Svce
Public Relations Officer	Rotaract Club of Svce
Design Lead	Forum of Data Science Engineers, Svce
Project Chairwoman	Nizhal, Elevate U and Digital Detox
Education Co-ordinator*	Aran NGO

Projects

Madras Milk Web Interface

Mar 2024

- Developed a user-friendly UI and designed a basic website for Madras Milk, focusing on intuitive navigation and modern design.
- Won third prize for the UI design in a competition conducted by Alpha Arts and Science College.

Accidetct: IoT and ML-Based Accident Detection System

Feb 2024 - Present

- Designed to save lives through real-time location detection.
- Implemented emergency message functionality for medical facilities and SOS contacts.
- Awarded third prize in the Research Day conducted by Sri Venkateswara College of Engineering (SVCE).

Secure File Encryption and Decryption Tool

Oct 2024

- Built a secure file encryption and decryption tool that uses AES (Advanced Encryption Standard) for file security. Implemented a user-friendly interface where users can encrypt and decrypt sensitive files, protecting data confidentiality during storage and sharing.

Network Intrusion Detection System (NIDS) Using Machine Learning

Nov 2024

- Developed a basic intrusion detection system that monitors network traffic for suspicious patterns or behaviors using machine learning algorithms. Leveraged datasets like NSL-KDD or CICIDS for training and testing, aiming to improve detection accuracy for network-based attacks.

Student Performance Analysis Using Machine Learning

Jul 2024

- Developed a machine learning model to analyze and predict student performance based on various academic and socio-demographic factors.
- Conducted data preprocessing, feature engineering, and exploratory data analysis to identify key determinants of student success.

Certifications

Microsoft Azure Data Fundamentals: Explore core data concepts - Microsoft
Introduction to Cybersecurity - Cisco
Introduction to Data Analysis using Microsoft Excel - Coursera
Data Analysis & Visualization*- Accenture
SQL and Relational Databases 101 - IBM
Google Machine Learning Crash Course - Google

Languages and tools

HTML/CSS.	Networking Fundamentals	Python	Figma
JavaScript	Microsoft Azure	SQL	Excel
Power BI	Ethical Hacking Basics	Linux	Data Analysis
