EDUCATION

SRI VENKATESWARA COLLEGE OF ENGINEERING

Bachelor of Engineering

Computer Science

Cumulative GPA: 8.133*/10.0

Chennai, TN

Expected May 2025

THE SCHRAM ACADEMY

An aggregate of 96% in standard 12 and 90% in standard 10

Ardent participant of extracurricular activities and competitions

Chennai, TN

2018-2021

PROJECTS

MOVIE RECOMMENDATION SYSTEM

github.com/Nithin0418/Movie-Recommendation-System

- Created an algorithmic system that tailored movie recommendations to users individual preferences, enhancing personalization and engagement for users.
- Utilized a suite of technologies, including Jupyter Notebook, Python, and key libraries such as Scikit-Learn, NumPy, and Pandas.

SUPER MARIO - REINFORCEMENT LEARNING

github.com/Nithin0418/ReinforcementLearning-SuperMario

- Created a dynamic training environment that simulated 1,000+ gameplay scenarios for the Super Mario bot; this approach optimized the agent's decision-making capabilities, significantly elevating the performance metrics in challenging game levels.
- Leveraged technologies including Jupyter Notebook, Python, PyTorch, and OpenAI Gym.

SOLAR SYSTEM AR APPLICATION

- Created an innovative application leveraging Augmented Reality to deliver an immersive and captivating educational experience for users.
- Unity Engine and Vuforia SDK are the Technology Stack used.

MULTIPLAYER GAME

github.com/Nithin0418/Unity-3D-Game

- Designed and implemented a multiplayer game with shared screen functionality on a single device, incorporating advanced game architecture and audio mixing techniques.
- Technologies Utilized: Unity Engine, C# Programming Language.

SKILLS

Python; C++; SQL; OpenAI Gym; Git; Unity; Blender; Extended Reality; Game Development

CERTIFICATIONS

- Machine Learning with Python (Coursera)
- Python Foundation (Infosys Springboard)
- Unity and C# (Udemy)
- Augmented and Virtual Reality (VyVoxel Pvt Ltd)

ACTIVITIES

- Spearheaded event coordination for Interrupt'23, a prestigious national technical symposium hosted by the Department of Computer Science and Engineering at SVCE.
- Selected and competed in a high-profile inter-college hackathon organized by Sai Ram College of Engineering, demonstrating competitive programming skills and collaborative innovation.
- Involved in the Youth Red Cross, contributing to community service and youth development.
- Currently spearheading the establishment of a new club dedicated to Extended Reality (XR) and Game Development at my institution.
