EDUCATION

Computer Science Engineering Sri Venkateswara College of Engineering

06/2021 - Present

7.7 CGPA

Computer Science SKV Higher Secondary School

06/2019 - 05/2021

88%

PERSONAL PROJECTS

Revelato (04/2024 - Present)

- Developed a **scalable model** for video frame processing, eliminating visual obstructions caused by smoke and haze.
- Implemented **data analytics** using heatmaps to identify areas of interest, improving safety guidance by 35%.
- Utilized saliency prediction and attention mechanisms to generate heatmaps highlighting areas of interest.

T&C Optimizer (09/2022 - 10/2022)

- Created a machine learning-based app to **simplify terms & conditions**, improving user understanding and engagement.

ADAS Stereo Vision (12/2023 - 02/2024)

- Utilized **AI and stereo vision** to build an advanced driver assistance system, improving road safety by 40%.

INTERNSHIP EXPERIENCE

UI/UX Intern Hyundai Motor

08/2023 - 09/2023

Chennai, India

Achievements/Tasks

- **Enhanced product usability** by designing industrial-level UIs, boosting user satisfaction by 20%.
- Developed a **website to increase engagement**, contributing to Hyundai's digital transformation.
- Managed progress through **key milestones tracking** for smooth project delivery.

Android Developer intern NSICLTD

06/2023 - 07/2023

Achievements/Tasks

- **Integrated APIs** with Android applications, improving operational efficiency by 35%.
- Collaborated with cross-functional teams to deliver **customer-centric products** aligned with business goals.
- Conducted **competitive analysis** to assess product positioning and enhance features.
